Figure 1: Schematic representation of the experimental design. The diagram shows a timeline from 00:00 to 06:00. A green bar at the top represents the 'SLEEPING PERIOD'. Below it, a dashed line indicates the 'WAKE-UP TIME'. A vertical line marks the 'STIMULUS PRESENTATION TIME'. To the right of this line, a red bar indicates the 'STIMULUS PRESENTATION DURATION'. The timeline is divided into two sections: 'PRE-TEST' and 'TEST'.
